Bench Creek School

Was a one-room, frame building, said Earl Hardman

The teacher was Cleo Barzee, who was sister to Emily Conrad (Frank).

It was located at the head of the upper Bench Creek lane between De St Jeor's and Ketchums.

Earl Hardman would have to walk or ride his horse 2 miles to get to School or Church.

Later Jim Duncan Would take his wagon or sleigh with a canvas Cover with a stove in it to hawl the children to School or church -
